

# 6<sup>th</sup> Inflammatory Skin Disease Summit

The Translational Revolution

November 12-15, 2025

The New York Academy of Medicine, New York, USA

INDUSTRY DOSSIER

# Welcome

We are delighted to invite you to sponsor an Industry Sponsored Satellite Symposium at a premier international educational symposium entitled “6th Inflammatory Skin Disease Summit: The Translational Revolution”, a unique and dynamic symposium, being held in The New York Academy of Medicine, New York, USA, on November 12-15, 2025.

Over the last few decades, biomedical research has unravelled a plethora of pathophysiological steps putatively important for human disease development. But it was only in the last few years that a broader translation from basic research efforts to clinical medicine has indeed occurred. This was largely made possible by the close cooperation of basic researchers and clinical investigators, aiming at the development of truly effective therapeutics. Inflammatory skin diseases such as psoriasis, atopic dermatitis, alopecia areata and vitiligo serve as an example of this successful bench-to-bedside approach. Currently, more and more therapies are approved as a result of this scientific approach, and many more are on their way.

Nevertheless, a stand-alone meeting in which inflammatory skin diseases and the translational revolution that we are currently experiencing take center stage has been lacking. After five very successful meetings in Vienna and in New York City in 2014, 2016, 2018, 2021 and 2023 we have again taken upon the task of organizing such an important in-person meeting, in order to continue this path of therapeutic revolution and extend to other inflammatory skin diseases. We want to discuss new concepts and new developments in the field of inflammatory skin diseases and to devise and explore new therapeutic strategies. For the last meetings, we had been able to attract true leaders in their fields, with more than 600 participants from all over the world. We have now established this conference on every two-year basis, with the next meeting taking place in New York in 2025.

Below are a few reasons for why your company should exhibit at this upcoming Summit:

- Attendees are eager to learn about the latest developments for the treatment of inflammatory skin diseases.
- The exhibit hall will serve as a forum to present the individual therapeutic compounds, and to critically discuss their value (efficacy, safety) to key representatives of the scientific community.
- Interact with a diverse group of decision makers.

- Downsizing the booth or change on sponsorship booking without penalties is only possible until Monday, September 1, 2025. After the 09/01/2025 deadline, non-refundable cancellation fees will apply. The contract shall remain in full force and effect in case of merger or acquisition of the contracting company. The dimensions of floor space, booth measurements and rented items given are approximate. The ISDS' organizers reserve the right to change these dimensions in order to most efficiently use the available exhibition area and to adjust the booths to the blueprints of the exhibition hall. Prices charged are however based on the actual dimensions; if more floor space is later allotted and used than was originally ordered, the additional fee for it must be paid by the exhibiting company. Special requests regarding placement of the booths and exhibiting items will be considered. However, such requests do not constitute a condition of registration on the part of the Exhibitor. Furthermore, the ISDS' Organizers reserve the right to reduce the amount of floor space initially requested. Failure to comply with the local authorities and international regulations may not be used as a ground to declare the contract void. Failure to comply with the Rules and Regulations will not expose the ISDS to any suits or demands by the exhibitor's third party. A special fee is charged for decorating rented items in special material of the Exhibitor's choice. Also, Exhibitors must bear the cost of any special installations. In case of delayed payment, ten per cent (10%) interest per annum is charged. If a company wishes to renounce all claims to taking part in an exhibition after having contracted to do so, the company is nevertheless liable for the rental sum and for incidental expenses.
